

HAPPY CANADA DAY!

Celebrating Canada Day & Honouring Pride Month

As we step into July, we take a moment to reflect on the month of June and the vibrant celebrations that filled it—most notably, Pride Month. At HOTT, we are proud to stand in solidarity with 2SLGBTQIA+ communities and reaffirm our commitment to fostering a space where every individual feels seen, respected, and valued. Pride is more than a celebration—it's a recognition of resilience, identity, and the ongoing work for equality.

This Canada Day, we also honour the diverse lived experiences of our tenants and communities. Canada's strength lies in its diversity, and at HOTT, we are continuously learning, growing, and striving to uplift the voices of those we serve.

Whether it's through advocacy, housing support, or community-building, our mission is to ensure that all tenants feel safe, supported, and empowered—not just in moments of celebration, but every single day.

At HOTT, we see the true meaning of community every day—in the kindness of neighbours, the resilience of tenants, and the shared belief that no one should face life alone.

This Canada Day, we celebrate more than a country—we honour the courage of those we serve and the inclusive, supportive communities we're building together.

To us, Canada Day means:

- Valuing every tenant's story
- Championing equitable, inclusive housing
- Supporting close connections and care networks
- Advocating for people, not just policy

As summer unfolds, we carry the belief that housing is a human right—and that community is where it all begins.
