Protect yourself with the HSC Tenant Insurance Program

Why do I need tenant insurance?

Your landlord's insurance only covers damage to the building or property owned by them. It does not cover loss or damage to your property. The HSC Tenant Insurance Program provides:

- Coverage for your personal property if it is damaged, due to an insured peril, listed under the policy.
- Coverage for additional expenses such as hotel bills, restaurant meals, and moving costs, if you're forced to leave your building, due to an insured peril.
- Coverage for you or a member of your household if you are held legally responsible for damage to the property of others or injuring other people.

Apply for the HSC Tenant Insurance Program today by visiting <https://tenant.hscorp.ca> or calling a licensed insurance broker from Marsh's Private Client Services at 1 866 940 5111.

WINTER TIPS

Please ensure that if you leaving your unit for any extended period of time to close all windows. If your house has radiators and windows are left open, the cold may cause them to leak and freeze.

If you live in a HOTT detached or semi-detached house, if possible please check the outdoor exhaust pipes of your property during a snow storm to make sure that they are not blocked. HOTT staff will ensure they are cleared when we are on site for snow removal.
